**FORT LAUDERDALE, Florida – August 16, 2017** – ScribeAmerica, the nation's most frequently used medical scribe company, has been recognized as one of America's fastest growing private companies by *Inc.* magazine. Ranked number 1,461 overall in 2017, this year's Inc. 500|5000 inclusion marks the seventh consecutive year ScribeAmerica has been honored by the magazine.

As ScribeAmerica has grown over the past 14 years, the medical industry has experienced significant changes. The company attributes its success to streamlining scribe training to meet the demands of a complex healthcare system. In the last year, the company launched HealthChannels, a suite of three distinct companies to address these industry changes – QueueLogix, CareThrough and ScribeAmerica. The development of HealthChannels has created a more complete solution for healthcare providers. By offering care coordination and revenue cycle management solutions, in addition to medical scribes, ScribeAmerica and the HealthChannels family of companies continue to evolve with the needs of patients and providers in the US, Canada and Australia. With a dedicated workforce – HealthChannels is transforming the entire experience for providers around the world.

"We are grateful to be an *Inc.* honoree for the seventh straight year. Also, this is a demonstration of how ScribeAmerica listens to the needs of an ever-changing medical industry and offers elite care solutions," said ScribeAmerica CEO Michael Murphy, MD. "Being recognized for seven years in a row is a result of our passionate employees and our company's dedication to our valued partners."
